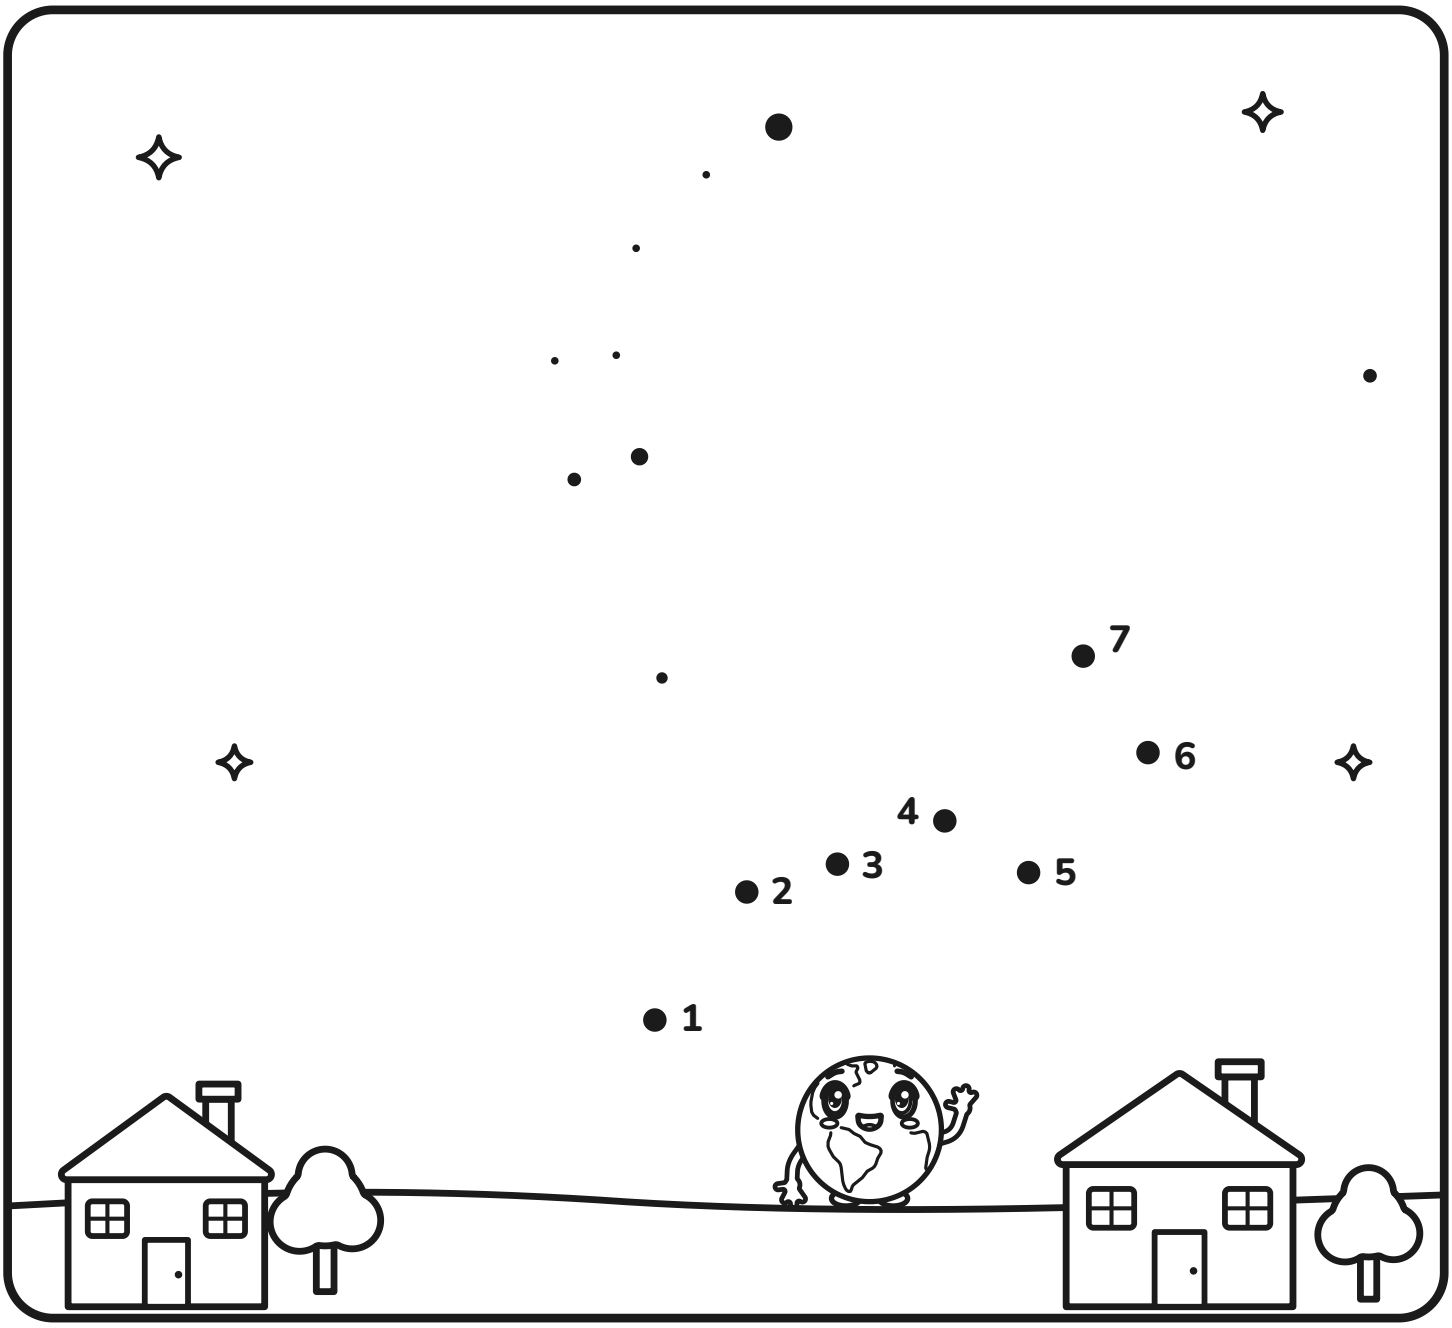
ORBY'S SPACE ACADEMY
BY ORBITAL RADAR

Name: _____

PUZZLE TIME · EASY

Find the North Star!



Orby says:
The North Star sits almost right above the North Pole, so it always shows which way is north. Sailors used it to find their way!

YOUR MISSION

1. Connect the dots from 1 to 7, then 7 back to 4.
2. Draw a line from 6 through 7 and keep going. The first big star you reach is the North Star. Color it gold!

GROWN-UPS: scan to find out what that bright light in the sky is
